Dear Parents/Carers,

The warm weather is continuing so please ensure that children have suncream applied before school every day and that they should wear hats if they have them and bring a water bottle in to school.

Year 6 Leavers service

Please note that the date of the Year 6 leavers service has changed and will now take place on Monday 25th June at 1.00pm at Chichester Cathedral. Parents are welcome to watch, however there are space restrictions and it is unlikely that you can sit with your children.

World cup

We've chosen our team, have you chosen yours? Sweep-stake and flags at the ready!

We will be showing the England matches in school on the big screen in the hall on Monday 18th June and Thursday 28th June.

Please bring along some pennies for refreshments and support our school!

SATS

Huge congratulations to all our children who took their SATS tests during May. They require a huge amount of concentration and effort - we are very proud of all of them.

Dictionaries

Thanks to the generosity of our parents in sponsoring their children during our Spellathon, we have equipped all our classrooms with some shiny new dictionaries and Thesauri! Don't they look great?

Bikeability

Over four mornings last week, our Year 6 children took their Bikeability training – what earlier generations would have called their cycling proficiency test. All our children passed either their level 1 or level 2 test which involves safety on the road. The smiles say it all, well done Y6!

Author Visit

Last week, local author Jo Baxter came to visit us to talk about her new book 'Viola Pumpnickel and the Emerald Lady', a mystery novel set in Victorian times.

Jo talked to us about the book and read some parts of it. She then got some of us to act out scenes with heroes and villains. Some classes had to draw them. It was great fun!

Planetarium

Green class had an 'out of this world' time at South Downs Planetarium this week. Thanks to the amazing dome and brilliant staff at the centre, we were able to 'visit' the international space station and see what life in space was all about. We then visited the exhibitions and made some investigations to see what we could find out.

Kind regards

Mark McCadden

Garden opening party

We will be holding a garden opening party on Saturday 30th June. The party will be between 10 and 12. The raffle will be drawn at 11.30

Please gather together all friends, family and children to help us celebrate our **exciting new extension**. You don't need a child at the pre-school to come along, so **we look forward to seeing all our current families and new faces**.

Along with the opening of the garden we will also be selling refreshments, holding our raffle, along with other fun games and stalls for the children, so don't forget your money. Any money raised will be going towards our fundraising.
